

PRESS RELEASE

FOR IMMEDIATE RELEASE: January 19, 2009

SUBJECT: EXPANSION OF ALLIANCE MONITORING TECHNOLOGIES, LLC

WICHITA, KS – James Lindamood, Managing Partner of Alliance Monitoring Technologies, LLC has announced the commencement of an aggressive expansion of the company. This expansion has included the retaining of a full-time Operations Manager, expanding our offices in Wichita, KS, including the transition to a regional provider of monitoring and security services to the healthcare industry, and the enhancement of existing products and services in conjunction with new products and services. This change has allowed James to devote his time fully to the marketing functions of the company.

"In the midst of this change we want to also assure our clients that one thing hasn't changed - our high standard of exceptional service after the sale will continue through our conscientious technicians and field associates."
